

REMARKS

The claims are 1 to 15.

Claims 1 to 15 stand subject to a restriction requirement. Applicants provisionally elect, with traverse, the subject matter of Class II of the inventions enumerated by the Examiner in making the Restriction Requirement. Applicants assert, however, that the best interests of the Office and the Applicants would be served in examining all of the claims presented in one application. Certainly, the same classifications will need to be searched in most of the Classes set out by the Examiner, leading to a redundant effort with the possibility of different results and greater confusion.

WHEREFORE, in consideration of the above amendments and arguments, reexamination and allowance are respectfully requested.
